Championship Open 2009
Assisi - Italy

Thank you
Assisi!

dida

Assisi, capitale dello spirito, città d'arte conosciuta nel mondo per aver dato i natali all'alter Christus, che nel corso degli ultimi decenni ha ospitato incontri di pacificazione e riconciliazione, è anche la città del Calendimaggio.

Questa è festa di primavera, unica al mondo, che ha trasformato una tradizione di aspre lotte cittadine fra frazioni in una collettiva gara di ingegni e competizione incruenta tale da essere considerata come lezione "di pace e di civiltà".

Salvatore Ascani

Magistrato del Calendimaggio

Assisi, spirituality capital and town of art, worldwide known for being the place where Saint Francesco was born, have hosted in the last years pacification and reconciliation meetings, and it is also the city of Calendimaggio.

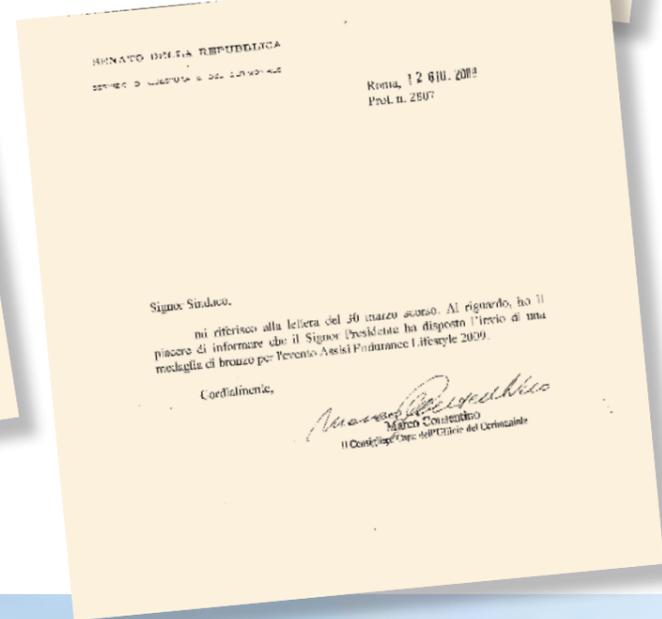

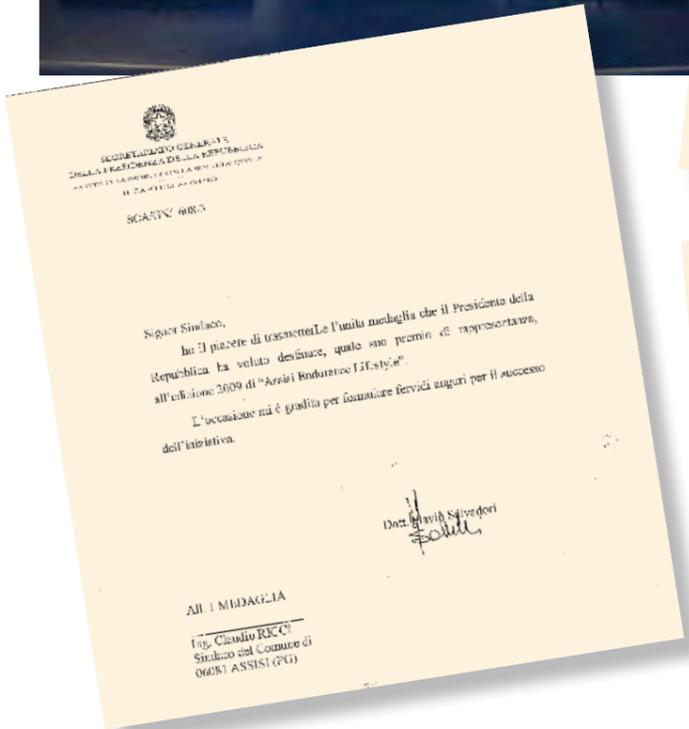

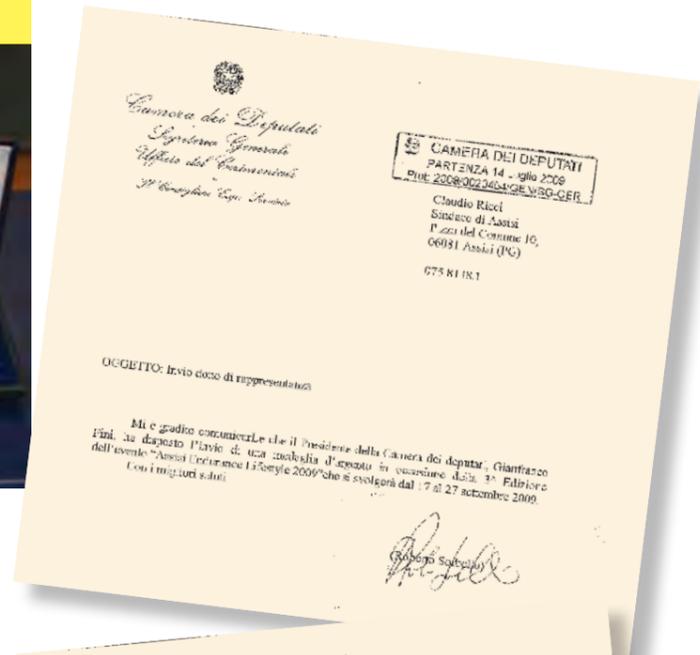

This is a spring feast, worldwide unequalled, that "has turned a bitter battles tradition between neighbourhoods into a collective ingeniousness and bloodless competition as to be considered en epitome of pace and civility.

Mr. Salvatore Ascani

President of Calendimaggio

Thank you Assisi!

Mr. Ian Williams FEI Endurance Director - Mr. Gianluca Laliscia Organizational Committee President

International V.I.P

Mr. Ian Williams FEI Endurance Director
 < Lo sport dell'Endurance promuove l'intesa completa fra il cavallo ed il cavaliere. Soltanto sostenendosi a vicenda potranno superare gli ostacoli e le sfide di un Campionato Internazionale di Endurance. Questo rapporto fra il cavaliere ed il cavallo fa parte delle nostre culture da migliaia di anni. Il futuro all'interno del mondo dello sport equestre continua a svilupparsi diventando più forte come il rispetto che diamo a questi meravigliosi animali. >

Mr. Ian Williams FEI Endurance Director
 < The sport of Endurance Riding truly promotes the complete partnership between horse and rider. Only by supporting each other can the challenges of an International Endurance Championship Course be overcome. This relationship between rider and horse has been part of our cultures for thousands of years. Its future within the world of Equestrian Sport continues to grow stronger as does the respect we give to these wonderful animals. >

Mr. Claudio Ricci Sindaco di Assisi
 < L'Endurance è molto di più che una "Maratona". Grazie alla famiglia Laliscia e a Gianluca ho imparato che l'Endurance è "intimamente" legato al valore francescano dell'Armonia, declamato nella preghiera poetica del Cantico delle Creature, perché durante la Gara, il Cavaliere, il cavallo e l'Ambiente "entrano in simbiosi" fra loro, direi "creano" Armonia per giungere alla Vittoria. >

Mr. Claudio Ricci Mayor of Assisi
 < Have realized that Endurance is something more than a simple "marathon". Thanks to Laliscia's family and most of all to Gianluca, I have learned that Endurance is "intimately related" with the Franciscan value of Harmony, proclaimed in the poetic pray "Cantico delle Creature" as during the race the rider, the horse and the environment "establish a symbiotic relationship" and create a pure harmony to win. >

On. Dott.ssa Francesca Martini Sottosegretario di Stato del Ministero del Lavoro, della Salute e delle Politiche Sociali. Madrina di Assisi Endurance Lifestyle.
 < Assisi Endurance Lifestyle costituisce un'occasione di rilievo internazionale che unisce sport, salute, tutela del benessere animale, economia, salvaguardia dell'ambiente e molto ancora, in un contesto storico unico al mondo come la città di Assisi, riconosciuta dall'UNESCO quale Patrimonio dell'umanità e simbolo nel mondo dei valori universali di pace e amore per l'uomo e la natura. Sono pertanto lieta di presenziare a questa iniziativa non solo come rappresentante del Governo con specifica delega, ma anche e soprattutto come Madrina dell'evento >

Honourable Francesca Martini State Undersecretary to the Ministry of Employment, Health and Social Policies. Assisi Endurance Lifestyle Patroness.
 < Assisi Endurance Lifestyle is an International event that combines sport, health, animal wellness guardianship, economy, environmental guardianship and much more, in a unique historical context as the city of Assisi, officially recognized by UNESCO as world heritage, and symbol of universal values as love and peace towards mankind and nature. Therefore I'm proud to attend this event not only as an Italian Government representative with specific proxy, but most of all as its Patroness. >

Avv. Andrea Paul Gross Presidente FISE.
 < La FISE è sempre più vicina a questa disciplina affascinante, che va sempre più radicandosi nel nostro paese e che probabilmente più di ogni altra, evidenzia il rapporto tra l'uomo e il cavallo. Un altissimo momento di conoscenza e incontro. >

Mr. Andrea Paul Gross FISE President.
 < FISE is day by day more involved in this charming discipline, which is acquiring a constant importance in our country and that most of all highlights the relationship between man and horse. A special moment for relations and encounters. >

26 Settembre 2009 ore 5:00 parte la 18ma edizione dei Campionati Europei Endurance FEI e settimo appuntamento con i campionati Europei FEI Endurance Open.

Alla luce dei fari che illuminano i primi 15 km del percorso sono 98 i binomi che si daranno battaglia nei 160 km che li aspettano.

Il percorso si è rivelato molto selettivo soprattutto per la posta in palio decisamente importante.

Solamente 31 i binomi che passeranno la visita finale.

In questo campionato d'Europa a livello mondiale non c'è stata storia.

Maria Alvarez Ponton con il suo Nobby puro sangue arabo di 14 anni hanno imposto il loro ritmo alla gara che nessun altro binomio ha potuto contrastare.

Già campionessa mondiale in Malesia, Nazionale nella sua Spagna e vittoriosa nella 160 km di Compiègne, ora campionessa Europea e campionessa Europea Open sia individualmente che con il suo team spagnolo, Maria ha scritto il suo nome con Nobby nell'Albo d'oro della storia dell'Endurance.

Nelle classifiche team solo Spagna, Bahrain e Portogallo sono riuscite ad arrivare al traguardo con il numero di binomi sufficienti per essere classificati.

I paesi Open Europei sono stati gli Emirati Arabi Uniti, Bahrain, Qatar, Malaysia, Usa e Uruguay.

On September 26th at 5am, the 18th FEI European Endurance Championship as well as the seventh appointment with the FEI European Endurance Open started.

Under the spot light that was illuminating the first 15km of the race track, there were 98 binomials that were competing the 160 km ahead of them.

The race track was very selective especially for the extremely relevant awarding prize.

Only 31 were the binomials that passed the final check.

In this European Championship there was no history.

Maria Alvarez Ponton with her 14 year old Arab poor blood imposed the rhythm for the competition that nobody else had a chance to sustain.

Already world champion in Malaysia, Spanish National Champion and winner of the 160 km race in Compiègne, now European and European Open champion individual and together with the Spanish team, Maria has written her name together with Nobby in the hall of fame of the Endurance history. In the teams' ranking, only Spain, Bahrain and Portugal have reached the end with a sufficient number of binomials to be classified.

The countries classified as European Open have been United Arab Emirates, Bahrain, Qatar, Malaysia, USA and Uruguay.
