FEI Open European Endurance Championship
for Young Riders and Juniors **2010**
Kreuth - **Germany**

Thank you Kreuth!

Foreword By the FEI President

On behalf of the Federation Equestre Internationale it is my great pleasure to welcome you to the Gut Mateshof in Kreuth, Germany for the FEI Open European Endurance Championships for Young Riders and Juniors. This is an exceptional venue, providing wonderful facilities for a wide range of equestrian disciplines and embracing the hills and forests of the Bavarian countryside present a challenging and charming environment for this demanding sport.

These Championships were first staged in Cirencester, Great Britain in 1997 and have proven a huge success-story over the intervening years. Many competitors have gone on to achieve great things at senior level, and I wish all the athletes here this week the very best of luck. Not everyone can take home a medal however, and I urge you all to keep your sights firmly fixed on your individual goals no matter what the result.

As the FEI Year of Youth draws to a close we are more conscious than ever that the future of our sport lies in the hands of the younger generation, and I hope that, in line with well-established tradition, you forge life-long friendships with fellow-competitors during this event.

To you all, including the organisers, sponsors, officials, supporters, volunteers and spectators, I send my best wishes for an enjoyable and memorable fixture conducted in a truly sporting spirit.

Haya

HRH Princess Haya
FEI President

Die Schirmherrschaft für dieses Jugend-Europa-Championat übernimmt der Bayerische Ministerpräsident, Horst Seehofer, der alle Beteiligten herzlich grüßt und der Veranstaltung einen glücklichen Verlauf wünscht.

The protectorate for these Junior European-Championships assumes the Bavarian Prime Minister. He sends his compliments to all participants and he wish for the event a happy progress.

Foreword By the Organizer and ZSAA President

Warm welcome here in Kreuth on the occasion of the Endurance-Highlight 2010 in Europe. On behalf of the Breeding association for Arabian Sport horses ZSAA it is a concern for me to thank FEI for the appointment of the enforcement for the FEI Open European Endurance Championships for Young Riders and Juniors. It is the result of 10 years international CEI competitions and some CEIO's we realized with a great team here in East Bavaria.

Two main ideas pushed us in the last years. On one side is our main activity – the breeding of Arabian horses. Our Breeding association support and take care for Purebred-Arabians, Shagya-Arabians, Anglo-Arabians and Arabian partbreeds. We organize different kinds of performance tests. All Stallions were licensed and we try to get as much information we can get about the riding abilities and the performance abilities of all ZSAA horses. These information deliver breeding values which we estimate to get a positive breeding progress. All information are transparency and available for all of our breeders. So each competition is a performance test as higher the level is the better is the result.

On the other side it is a great pleasure to organize an international competition. So many riders and horses are coming together from different countries with different cultural background. Under this point of view is Endurance Sport one of the best disciplines to connect the world. Especially if young people are getting the chance to meet others with the same passion and with the chance to learn from each other. Even if they compete – this riding sport brings them together.

I wish all competitors a fair and successful Championship with good results and healthy horses. My best wishes for good luck to all trainers, crews, families and my thanks to our officials, ZSAA team members, sponsors, supporters and spectators. I send to all of you my personal wishes to have some enjoyable days here in Kreuth in a friendly and happy atmosphere.
