Foreword

By The FEI President

It gives me great pleasure to welcome you to the HIPPO ARENA Samorin for the FEI European Endurance Championships 2015.

This spectacular venue is truly something to behold, and the result of a great vision to deliver equestrian sport in a stunning location with exemplary facilities, yet retaining all the values that are inherent to the equestrian community.

The FEI EUROPEAN CHAMPIONSHIPS ENDURANCE 2015 date back to 1984 and as many of you know, since then, the discipline has grown tremendously and is now the second largest discipline at the FEI in terms of the numbers of events and registered riders and horses.

This growth and rapid expansion is great for the sport, but it does require us as a community to be attentive and ensure that the principles at the core of Endurance are not only respected but also transmitted to future generations of fans and riders.

We all know the sport of Endurance requires a great understanding of the stamina and fitness of the horse with regards to the distance, the climate and the terrain and safely managing all these elements so that the horse finishes in good condition.

Well much can be said for the organiser of big events such as this, but we often forget to highlight the incredible skill, flexibility and planning required to put on such a show. So on that note, I would like to take this opportunity to thank Mario Hoffmann, the founder, for such a terrific venue, and the Organisers, their loyal volunteer body, sponsors and partners for enabling this event and for promoting Endurance to new fans and generations.

This is a truly "team" sport, and to everyone competing here, and to their dedicated support crews who play such an important role, I wish the very best of luck. May this event be conducted in a spirit of friendship and camaraderie between opponents, and dedication to our greatest ally without whom our sport would not exist - the horse.

On behalf of the Fédération Equestre Internationale, I send my best wishes for a truly memorable and enjoyable event.

Ingmar De Vos
FEI President

Patrik Danke - Member of the Board of the Elements Resort and the President of the Event

Vladimir Pažitný - President of the Commission of Endurance Riding in Slovakia - Representative of the Slovak National Federation

Manuel Bandeira de Mello - FEI Endurance Director

Thank you Šamorín!

ELEMENTS RESORT is a unique, newly emerging multipurpose sports and recreation complex with an ample area of nearly 100 hectares and Olympic-quality facilities, offering ideal conditions for professional and amateur sports, recreation, and conventions. It lies at an ideal location in the vicinity of Šamorín with fast access to Bratislava, Slovakia's capital, and neighbouring Vienna and, through their international airports, to other European capitals and world destinations. Despite the lively activity, the resort has an abundance of peaceful spots and beautiful scenery, offering a healthy environment in the heart of the picturesque nature of the Danubian lowlands. A unique blend of sports and wellness facilities, complementary services including accommodation, and topquality service and amenities makes this place an outstanding choice for hosting local and international sports events, competitions, and sports training camps. Besides sports, the resort is a popular destination for family vacations and a favourite venue for corporate events. With Olympic-standard equipment and facilities approved by respective international sports federations and associations, the sports park provides professional conditions for 27 Olympic disciplines. The resort complex includes HIPPO-ARENA, AQUA ARENA, HOTEL, SPORT, with sports and wellness sections, restaurants and other catering facilities to cater for guests and visitors. Places to relax, salons with complementary services and other high standard amenities add up to comfort.

Thank you Šamorín!

x-bionic® sphere

The x-bionic® sphere offers excellent conditions for professional equestrians, including a brand-new, fully equipped, five-star riding area. Regarded as one of the most modern Olympic riding centers, it has three sand courses and three grass courses, one racetrack, two riding halls and nearly 700 stalls. Already in 2015, it served as the showplace for high-carat international championships, for example, the FEI European Endurance Championships.
