Thank you Nègrepelisse!

It gives me great pleasure to welcome you to the FEI World Endurance Championships for Young Horses, an event very much focussed on the future. It's also wonderful to see this Championship return to France, having been held on many occasions in Compiègne, where alongside the exponential growth of the sport, it developed into a world class Championship event. We all know the sport of Endurance requires a great understanding of the stamina and fitness of the horse with regards to the distance, the climate and the terrain and safely managing all these elements so that the horse finishes in good condition. Well much can be said for the organiser of big events such as this, but we often forget to highlight the incredible skill, flexibility and planning required to put on such a show. So on that note, I would like to take this opportunity to congratulate the Organising Committee -L'Endurance Equestre de Negrepelisse- their passionate volunteers and long term sponsors and partners as well as the neighbouring communes for coming together and promoting the very best of our sport.

Having the insight and know how to deliver such high quality sporting conditions whilst maintaining great emphasis on the welfare of the equine member of the partnership is paramount in this sport and testimony to the character of the Endurance community. The FEI is very committed to ensuring the integrity of the sport of Endurance and as the second largest discipline in the world, in terms of the numbers of events and registered riders and horses, we must be very attentive to ensure that the principles at the core of Endurance are not only respected but also transmitted to future generations of fans and riders.

This is a truly "team" sport, and to everyone that has played a role in the making of this event as well as the dedicated athletes and support crews who play such an important role, I wish the very best of luck. To the sponsors, the media and the public, I wish you a truly memorable and enjoyable event, conducted in the spirit of great horsemanship.

Ingmar De Vos
FEI President

Thank you Nègrepelisse!

We have just organised the 2016 FEI World Endurance Championship for Young Horses. It was a wonderful adventure and a tremendous success in view of the many messages of congratulation that we have been sent by participants and partners from all over the world.

The confidence that both our National Federation (FFE) and the International Federation (FEI) had in our organisation was justified and we are proud to have reached our goal.

We were lucky enough to count the HH Sheikh Mansoor Bin Zayed Al Nayan Festival among our partners, and its executive director, Miss Lara Sawaya.

It is thanks to this synergy that the event enjoyed such success.

Approved of by all the participants, the track, which has got better and better over the last 16 years, kept all its promises marrying technicality and complexity. The Pitray equestrian centre at Pousiniès where the endurance village was installed was the real nerve centre of the event, and made sure it had everything that was needed to host this international competition.

It was from here that the 185 participating riders set out.

Capable of absorbing the huge logistics involved in this major event, this equestrian domain, which we fitted out with careful forethought, was magnificent and very functional.

We were rigorous in our decisions whilst favouring the friendliness which drives us. No distinction was made between participants and the organisation team at the end of every day: everyone was warmly welcomed whatever his/her role.

The choice of our veterinary staff and our jury allowed us to realise a flawless event and we congratulate them!!!!

Our team of volunteers had perfect control of this incredible event due to their presence but also with their cheerfulness and professionalism, bravo again to all of them.

We also brought an innovation to the Grooming zone which was approved by all the teams. The equipment used allowed an uninterrupted flow when groups of horses arrived whilst making the area easier to navigate and fully respecting FEI rules.

As you have already realised, the association 'Endurance Équestre Nègrepelisse' is already forward-planning. All the members and partners will be mobilised again to welcome the best riders and give them as much pleasure as this year. Therefore, we would love to see you in September 2017 in Nègrepelisse to share another fabulous weekend of competition.

Thanks to you all. Thanks to the Sheikh Mansoor bin Zayed Al Nayhan Festival.

Thank you Abu Dhabi.

Gerard AUREL

The President O. C.

Thanks to all our landowner friends, thanks to all our departmental and municipal elected representatives, to all our partners and to you, riders from all over the world.
