1st CISM Military World Endurance **Championship**
CEN 120 Km, Saturday, 15th Dec 2012 **Kingdom of Bahrain**

Bahrain is an Arabic word meaning “two seas” and refers to two facts: the island contains two sources of water, sweet water springs and salty water in the surrounding seas, and the island is separated from the Arabian coast by the southern and northern waters of the gulf. The landscape is a tapestry of marvellous old sites and colourful traditional markets dotted between skyscrapers and contemporary urban living. While relatively small in population, land area and resources, Bahrain has achieved a high level of social and economic development over a short period of time.

History:
The Kingdom of Bahrain is an archipelago of 33 islands in the Arabian Gulf that has been inhabited by humans since prehistoric times. Around 5000 years ago Bahrain was home to the Bronze Age civilization of Dilmun, which lasted some two millenia. Since then Bahrain has been occupied alternately by Babylonians, Sumerians, Greeks, Persians, Portuguese, and Turks, among others. The Dilmuns populated our main island where Manama is located in the Bronze Age, taking advantage of its position astride key trade routes to build a great trading empire.

Fascinating archaeological sites abound. There are 3,000 year-old temples at Barbar; the 16th Century Bahrain Fort, a UNESCO World Heritage site; the 15th Century Qal’at Arad Fort; and the Royal tombs. What’s more, 85,000 burial mounds have been discovered and the Bahrain National Museum showcases an extraordinary collection of artifacts spanning 6,000 years.

Our Congratulations and Best Wishes to

**His Majesty King Hamad bin Isa Al Khalifa
The King of the Kingdom of Bahrain**

**His Royal Highness Prince Khalifa bin Salman Al Khalifa
The Prime Minister of the Kingdom of Bahrain**

**His Royal Highness Prince Salman bin Hamad Al Khalifa
The Crown Prince and Deputy Supreme Commander**

**and to the People of the Kingdom of Bahrain
on occasion of the

Created on 18 February 1948, The International Military Sports Council (CISM) is one of the global sports organisations in which the largest number of disciplines is represented. We organise many sports events for the Armed Forces of 133 Member Nations - a list that is growing steadily. Military who used to confront each other on battlefields now meet peacefully on the field of sports. This was done in accordance with the CISM philosophy and ideals as enshrined and subscribed to by all Members Nations in 1998.

Our ultimate goal is to contribute to world peace by bringing Armed Forces together through sport.

Our motto is **"Friendship through Sport"**.

The President is elected for four years. They are based in Brussels under the responsibility of our elected Secretary-General. Every year, we organise 300 days of international or continental competitions worldwide.

CISM plays an important role within the international sports community and in training high-level athletes. CISM delivers solidarity projects in cooperation with the International Olympic Committee (IOC) and the United Nations. We also cooperate closely with national and international sports federations as well as with international sport authorities.
